Terms and conditions

Multiple-region partners receive quarterly reviews, while single-country partners receive a review twice a year.

We follow the principle of “*first come, first served*”; however, priority is given to partners who commit to multiple regions and / or multiple year agreements.

The partnership will last for a one-year term and will be automatically renewed on an annual basis, ensuring continuity of collaboration. Should the partner wish to discontinue, written notice is required at least one month prior to the contract's expiry. Of course, we will notify the partner well in advance — no later than 90 days before renewal.

An exception applies to partnerships in Belgium and Luxembourg, where partners may opt for a six-month trial arrangement.

Advertising

Investment Officer empowers your brand to become an industry leader by offering strategic digital media solutions and a trusted platform to share your expertise with an engaged and informed audience.
